Additional Supplies Required

1. iPad
2. Mathematics set
3. English novel TBC
4. Hardback copies
5. Softback copies
6. Pens, pencils, colours, etc.

Information for Students Bringing Their Own Device (Not Purchased from Wriggle)

As of October 2017, Apple have made some additional changes and it is now possible to add BYODs to the Device Enrolment Programme. There are risks and additional costs involved in this process and as a result, Wriggle maintain their advice from 2016: BYOD is not recommended or best practise for 2018 incoming students. This is because:

- BYOD iPads would need to be a minimum specification of iPad Air.
- BYOD iPads would need to be configured by Wriggle engineers which involves school assistance in organising the courier collection of all BYODs from the school, liaising with parents to obtain i.e. Apple IDs already on the iPad, two-step authorisation codes so that devices can be wiped, supervised, etc.
- BYODs added to the Device Enrolment Programme will still have the options for students to delete the profile for up to 30 days after configuration. This opens up the potential for the iPads to be misused, with just one example being that students could potentially access inappropriate apps.
- No alert would be sent to the school should the above happen and an additional configuration cost would be charged to the parent to re-configure the device.
- BYOD iPads incur a higher Wriggle Service and Support of €149 (instead of the standard Wriggle charge of €99).

All BYOD devices must be delivered to the school by **June 8th for delivery to Wriggle for configuration. Any iPad not submitted by this date may not be configured in time for the deployment day or it may not be possible for Wriggle to configure the optimum safety profile on the device.*

Booklist Notes

- Donabate Community College will contribute €50 towards the overall cost of book purchases for each student in the Wriggle Store. This will be deducted at checkout.
