

Introducing FlexiPay – The Smart, Flexible Way to Pay for Student Devices

We know that preparing for school can be a big financial commitment. That's why we're delighted to introduce **FlexiPay** – a new, flexible payment option designed to make paying for your child's **Student Device Bundle** easier and more manageable.

Pay Your Way, On Your Terms

With **FlexiPay**, you stay in full control of how and when you pay:

- **Secure your order with a €150 deposit**
- **Pay the balance in flexible instalments of €50 or more**
- **No fixed payment schedule** – pay what suits you, when it suits you
- **Make as many payments as you like** before your school store closes

Your Student Device Bundle will go into production once the final payment is made. No rigid instalment plan – just simple, flexible payments that work around your budget

More Flexibility for Parents

FlexiPay is designed with families in mind. Whether you prefer to spread the cost weekly, monthly, or in larger lump sums, FlexiPay adapts to you – not the other way around.

- ✓ **More time to pay**
- ✓ **Greater budgeting flexibility**
- ✓ **Full transparency and control**
- ✓ **No interest. No finance fees. No hidden charges**

You only pay for your Student Device Bundle – nothing more.
